We will think like engineers and plan and design using things like leaves to create art, blocks to make structures, or magnets to make things move.

Sometimes we will dip into our creative side and decorate creatures (like stick puppets) that we use to tell and retell stories.

We may make cards for special occasions and find interesting folks in the community with whom we share them.

If the weather is nice we may play kick ball or go for an insect walk looking for creepy crawlies.

You never quite know what lies ahead in the Mixed Bag Club.
